

Application for a prescribing approval for approved opioids (QOTP - Shared Care) - Medicines and Poisons Act 2019

MPA-75,78,&82:IPTA Version 1:09/22

Information about this application form

This application form is to be used to apply for a **prescribing approval** under the *Medicines and Poisons Act 2019 (MPA)*.

'Prescribing approvals' are defined in section 67 of the MPA as follows:

A **prescribing approval** is an approval that authorises a person to carry out any of the following regulated activities with a medicine stated in the approval—

- (a) prescribing the medicine for a person, or a class of persons, stated in the approval in the stated circumstances;
- (b) buying, possessing, administering, dispensing and giving a treatment dose of the medicine in the stated circumstances.

This form is to be used to apply for:

- an initial application for a prescribing approval (section 75 of the MPA);
- an amendment of a prescribing approval (section 78 of the MPA); or
- a renewal of a prescribing approval (section 82 of the MPA)

for the treatment of a person with approved opioids under a shared care arrangement under the Queensland Opioid Treatment Program (QOTP).

Your application WILL NOT be considered, or may be returned to you for completion, unless:

1. ALL parts of this application form are completed accurately;
2. ALL the relevant attachments are included; and
3. the Declaration is signed.

Scope of a prescribing approval

Prescribing approvals treat a particular patient with approved opioids under the QOTP are limited to registered medical practitioners and nurse practitioners.

The holder of a substance authority, including a person acting under a substance authority, is authorised to carry out a regulated activity with a regulated substance in the authorised way (section 31 of the MPA). A prescribing approval is a type of substance authority that may be granted under the MPA, that authorises a person to carry out the regulated activities stated in the approval, with the medicines stated and in the stated circumstances.

Requirements and conditions

Requirements and standard conditions for prescribing approvals

Unless stated otherwise in the approval, the requirements and standard conditions described in sections 70 and 91 of the MPA and prescribed in the following chapters of the Medicines and Poisons (Medicines) Regulation 2021 (MPMR), apply to the prescribing approval:

- chapter 3 'Standard conditions for substance authorities', part 4 'Prescribing approval for approved opioids';

- chapter 4, 'General requirements for dealings', part 6 'Prescribing medicines'; and
- chapter 8 'Offences'

The approval holder must notify the chief executive of Queensland Health (chief executive) or delegate in the approved form, as soon as practicable but no later than 5 business days, if the approval holder's circumstances change in a way that substantially affects (section 42 of the MPMR):

- a dealing the approval holder is authorised to carry out under the approval; or
- the ability of the approval holder to comply with the conditions of the approval.

A prescriber holding a prescribing approval for approved opioids under the QOTP must comply with sections 30 and 31 of the MPMR by:

- Giving notice to the chief executive (or delegate) when starting treatment of a person in the approved form as soon as practicable, and no later than the end of the next business day;
- Giving notice to the chief executive (or delegate) when stopping treatment of a person in the approved form as soon as practicable, and no later than 3 business day after treatment stops.

Applying for a initial prescribing approval

In determining the application for a prescribing approval, the matters in section 76 of the MPA may be taken into consideration.

Queensland Health assesses all information provided with an application including:

- background, skills and qualifications of persons who will be responsible for overseeing activities to be carried out or will have access to medicines;
- which regulated substances are to be included in the substance authority.

Applying for amendment of a prescribing approval

In determining the application for amendment the factors in section 79 of the MPA may be taken into consideration. Queensland Health assesses all information provided with an application to amend a prescribing approval including:

- the conditions of the substance authority; and
- any changes to the matters considered by the chief executive (or delegate) when the substance authority was granted.

Applying for renewal of a prescribing approval

In determining the application for renewal, the factors in section 82 of the MPA may be taken into consideration. Queensland Health assesses all information provided with an application to renew a prescribing approval including:

- the conditions of the substance authority; and
- any changes to the matters considered by the chief executive (or delegate) when the substance authority was granted.

If the chief executive (or delegate) decides to grant the renewal of the prescribing approval, the chief executive (or delegate) may also decide to take either of the following actions if the chief executive is satisfied the action is reasonably necessary:

- impose additional conditions on the substance authority (section 70(1)(b) of the MPA);
- change a condition of the substance authority, including a standard condition (section 70(2) of the MPA).

All applications are assessed individually, and there is no guarantee that a prescribing approval, or an amendment or renewal of a prescribing approval will be granted to any applicant.

Under chapter 3, division 4 of the MPA, applications are decided within 90 days of the application (final consideration day – section 86 of the MPA), or the latest day the chief executive (or delegate) receives information from the applicant (section 89 of the MPA), unless a later date is agreed (section 88 of the MPA). Applications not decided by this time are taken to have been refused (section 89(4) of the MPA).
